READ THE FOLLOWING TRUE STATEMENT.—TARRYTOWN, Dec. 9, 1850.

M. HARRISON—Sir: I write you these few lines to inform you of the great benefit I have received from your COMPOUND SYRUP OF NAPHTHA. Eight years ago I was taken with the pleurisy in my left side, and ulcerated my lungs; therefore I was obliged to give up work and see for relief. I tried everything that I heard of, but all to no purpose. My health continued to decline, till finally I began to rage blood and large quantities of mucus. In this state I continued for some time, until last fall, November, 1849, when I took to bleeding from the lungs. I bled about two quarts in twenty-four hours. I then gave up all hopes of recovery, until I heard of your Naptha. Still I thought it was like all the rest of the patent medicines, (a humbug.) But I resolved to try one bottle as a last resort, and thank God! I did so, for with his blessing I believe it will make a well man of me. I had not taken one bottle before I began to get better, and in a few weeks I was strong again, and from that time to the present I have not raised any blood—but before I had a bad spell every few months. I could not do without it on any account, and would recommend all who suffer from lung complaints to take it. It will effect a cure, and do better for you, with respect, C. D. REVERE.

F. S.—I would have written to you before, but I had recently contracted a severe cold, which I could not get rid of, and was unable to go to you. I am now at ease, and expect to myself all wellathers.
